**MOOD:**  if I miss my own wedding for this....

**MUSIC:** Billy Joel - The Downeaster Alexa (in my head, on repeat.)

Time is short and life is long, but--T. talked to her guy and he crunched some numbers, and, well.

Were you serious about that room-mate thing?

## Thank you

This is Patricia Andreoli, wife of Daphne Worth, who you all knew as Trollcatz. Daphne died

## ...And there goes the weekend

But hey, we got a day and a half of this one! And I got to sleep in for two whole mornings. Too bad

Hey.

Sorry to leave this sitting overnight, but I wanted to think really hard about it before I answered, and I can't take you out for a beer to talk it over right now....

Um. ECR?

I made a list. Two lists. One has stuff like hanging out with you and T., getting to play in the kitchen for people, not having to come home to an empty apartment, Sunday morning pancakes, my best girl around the place whenever I wanted somebody to whine to, getting to talk about Walking With Dinosaurs on elljay when we're sitting on opposite ends of the same couch, the sheer joy of your company.

The other one has the other stuff. And there's getting somebody to assume my lease, and Brandon and Jeff, and the Angry Kitteh, and my awesome walkable neighborhood, and finding someplace to park the Blue

Beetle, and the fact that your condo has two bedrooms but only has one bathroom. And being a third wheel while you and T. are playing house. (I know you're going to tell me I wouldn't be, but just assume for the sake of argument that I have a doctorate in psychology, okay?) And there's having coffee every morning with somebody you will also be spending all day with, and then all night. And all weekend.

...and honestly I know I joked about it, and it was hah hah only serious. But I'm not sure... I haven't lived with anybody else since I was 16. I don't know if I remember how. And I am still kind of... prone to sulks and mood swings and wanting to go hide from everybody a lot and I probably will be for a while. 0.0

So I think I would be a strain. Honestly. And I'm the fucking Goblin King of privacy issues and hedgehog personality these days, and yes I know it, and I don't think I can not have a... a den right now. And there's stuff I'm still really selfconscious about and don't... just don't want you seeing. And I know you know everything or nearly everything, but...

...that kinda makes it worse. :-P

Excuse me, it's a doctorate in ABnormal psychology!

...Oh, wait. That means you're extra-qualified. \*g\*

Hah, look at me doing the deflect-serious-stuff-with-a-joke trick again. Knowing something doesn't keep me from doing it anyway, obviously. 8>P

Okay, serious face. I think it would be lots of fun to share a place with you...but not if you weren't comfortable. Maybe that goes without saying? 'Cause if I enjoyed seeing you uncomfortable, that would be creepy and sadistic. Eeeuw.

So I'm sad. But I'm also grateful that you told me these things. They're smart and reasonable, and make a lot of sense, and, you know. Yeah.

I'm not sure yet if we're going to be able to take over the keeping of your mistress (\*g\*). But I promise and swear we will get a place with a good kitchen, so you can be happy coming over and making us food.

And I don't hate you, Platypus. Ever. You are my friend, and you leveled with me, and I want you to be okay with me, and your life, and, well, everything.

Crap, there goes my phone. Love you, man.
